

Puzzled by business challenges?

Are you struggling to keep up with today's rapidly changing technology? Do you need help comparing the myriad of options in communications products and services? Are you looking for ways to increase efficiency?

We'll help you find a solution

It's not always easy to identify your challenges and find the right solutions. Fortunately, help is close at hand. Jefferson Telecom has a knowledgeable and experienced staff of people to guide you. What's the first step? Schedule a time for our Business Solutions Team to visit your business and discuss your specific needs. We will review and assess the effectiveness of the services you currently use and learn about any new requirements or goals of your business. We'll then match Jefferson Telecom's offerings to the demands of your operation and prepare a proposal of recommended solutions for improved productivity and efficiency. Once you've made your decisions, our team will provide installation and technical assistance.

To get started, please call 515-386-4141 and ask to talk to one of our Business Solutions team members or email info@jeffersontelecom.com.

Service Guarantee

The Jefferson Telecom service guarantee assures that if your business has any service disruptions with your phone or Internet, our technicians will respond within 24 hours of your report.

Are there pieces missing from your communications services?

Call us or stop by the office for help completing the picture. We're open Monday: 9am-5pm; Tuesday-Friday: 8am-5pm.
